## RIGID FLOORS

- Durability – protects vehicle floor from impact and puncture damage
- Safety – Anti-slip top surface reduces slips, trips, and injury claims
- Efficiency – provides a flat, durable, and safe surface for technicians to work on
- With durable aluminium sill plates or steel thresholds

## INTERIOR LINERS

- Durability – protects against the roughest wear and tear on van panels
- Increase Resale Value – prevent van panel and van wrap damage, vehicles in excellent condition at end of life cycle
- Temperature Control – liner insulation creates thermal barrier
- Sound Deadening – reduce road noise

## RUBBER MATS

- Ultra non-slip rubber is hardwearing and easy to clean.
- Flexibility and precision one-piece construction make for simple installation/removal.
- Incredible traction for keeping cargo in place
- One piece mat; no joints
- Most cost-effective flooring option

## WHEEL WELL COVERS

- Protection - loading cargo in and out of the van, the bare wheel wells are one of the first things to dent and damage.
- Decrease Road Noise - significantly deaden loud wheel and road noise by closing in wheel wells with extra padding
- Thermal Barrier with insulation
