

GM VAN INTERIOR PROTECTION

THE UPFIT YOU DESERVE

LEGENDSOFTHEROAD.COM

The image shows the interior of a white van with its rear door open. The interior is finished with black wall, ceiling, and door liners. A white, dome-shaped object is mounted on the left wall. The floor is black with a diamond plate pattern. A white rubber mat is visible on the floor. The text "WALL / CEILING / DOOR INTERIOR LINERS" is overlaid on the left side of the image. The text "RIGID FLOORS & RUBBER MATS" is overlaid on the right side of the image. The text "DOORWAY SILLS & THRESHOLDS" is overlaid on the bottom right side of the image.

NEW

EVOLVE LIGHTWEIGHT FLOOR

Legend's all-new EVOLVE van floor takes all the requirements for a reliable van floor and turns them into a lightweight - yet still extremely robust cargo van floor.

- 53% Lighter than other rigid floors - designed especially for EV's.
- Composite, not plywood, made of 75% Recycled Material

3D CONFIGURATOR

3d.legendfleet.com/configurator

RIGID FLOORS

- Flat, anti-slip surface for maximized operator safety and productivity
- Extremely durable to protect bare metal van floor from impact and puncture damage
- Moisture-resistant, chemical-resistant and rot-proof, unlike plywood; easy to clean
- Comes with aluminium side and rear sill set

INTERIOR LINERS

- Durability – protects against the roughest wear and tear on van panels
- Increase Resale Value – prevent van panel and van wrap damage, vehicles in excellent condition at end of life cycle
- Temperature Control – liner insulation creates thermal barrier
- Sound Deadening – reduce road noise

RUBBER MATS

- Incredible traction for keeping cargo in place
- Protect van floors and truck beds from dents and damage, increasing resale value for customers
- Ultra non-slip rubber is hardwearing and easy to clean
- Flexibility and precision one-piece construction make for simple installation/removal
- One piece mat; no joints
- Most cost-effective flooring option
- Available for cargo vans and current GM model year truck beds

STEEL THRESHOLDS

- Maximize operator safety with extremely grippy high-visibility textured yellow coating side and rear thresholds
- Protect loading and entry points most prone to damage
- Increase efficiency by allowing operators to load in and out quickly in all weather conditions
