

TAKING UPFITS TO THE NEXT LEVEL

- Safety**
Non-slip, ergonomic working conditions for employees
- Efficiency**
Enables ease of loading and improves operating conditions for technicians
- Increased re-sale**
Enhanced vehicle condition at end of vehicle life cycle
- Puncture-resistance**
Protects vehicles from costly dents and damage
- Sound-deadening**
Dampens rattling in cargo area and reduces road noise entering the vehicle
- Load management**
Reduces hazards from shifting cargo
- Cost-effective**
Higher quality products at extremely competitive prices

RIGID FLOORS

- Durability – protects vehicle floor from impact and puncture damage
- Safety – Anti-slip top surface reduces slips, trips, and injury claims
- Efficiency – provides a flat, durable, and safe surface for technicians to work on
- With durable aluminium sill plates

INTERIOR LINERS

- Durability – protects against the roughest wear and tear on van panels
- Increase Resale Value – prevent van panel and van wrap damage, vehicles in excellent condition at end of life cycle
- Temperature Control – liner insulation creates thermal barrier
- Sound Deadening – reduce road noise

RUBBER MATS

- Ultra non-slip rubber is hardwearing and easy to clean.
- Flexibility and precision one-piece construction make for simple installation/removal.
- Incredible traction for keeping cargo in place
- One piece mat; no joints
- Most cost-effective flooring option

WHEEL WELL COVERS

- Protection - loading cargo in and out of the van, the bare wheel wells are one of the first things to dent and damage.
- Decrease Road Noise - significantly deaden loud wheel and road noise by closing in wheel wells with extra padding
- Thermal Barrier with insulation
